<b>AUDIT TOOL CRITERIA</b>													
<b>Organisational and system readiness</b>													
Commissioning and service development						✓		✓	✓	✓			
Leadership and managing change							✓						
Involvement and participation				✓	✓								
Workforce development and human resources											✓		
Quality management and quality assurance systems										✓		✓	

The *Social care practice guide* provides advice on overcoming barriers to effectiveness in different areas of work and provides examples of practice that can help to promote age equality and end age discrimination. These are especially relevant for the following audit tool criteria:

#### **Community-based health and social care**

Early intervention and prevention

Primary and community care

Personalised care and support.
